PUBLIC WORKS INDEX

January-December 1969 • Volume 100

Month and page

HIGHWAYS AND STREETS

Bituminous Pavements

Rubberized Street Rides "Smoother"....Mar.—102
Bonus Benefits from Asbestos-Asphalt Overlays....Apr.—95
Pavement Strength Analyzed Electronically....Aug.—136

Bridges, Culverts and Tunnels

New Control System Improves Bridge Operation....Feb.—101
A Better Way of Repairing Concrete Bridge Decks....Apr.—85
Testing Galvanizing to Protect Bridges....May—164
Bridge Inspections Reveal Many Problems....Jun.—108
Expansion Joint Designed for Large Movement Structures....Oct.—88
Corrugated Metal Structures Spell Economy....Oct.—101
Field Testing a Curved Girder Bridge....Nov.—69
Maintenance Crew Resurfaces Bridge Quickly....Nov.—106
Planning a Bridge Maintenance Program....Dec.—57
Bridge Moving Eliminates Expensive Detour....Dec.—74
Stress-Level Study Will Aid Bridge Design....Dec.—94

Concrete Pavements

Patching Concrete Pavements Quickly and Economically....Mar.—75
Sets World Record Concrete Paving....Jun.—64

Construction Methods

Interstate Loop to Serve Downtown Area....Jan.—60
A Better Way of Repairing Concrete Bridge Decks....Apr.—85
Building Road Surfaces on Weak Soils....Jun.—84
Lime Slurry Injection for Deep Soil Stabilization....Nov.—75

Design

Interstate Loop to Serve Downtown Area....Jan.—60
The Role of the Consultant in Highway Design....Jan.—93
Portland Relies on Computer for Public Works Projects....Feb.—86
Basic Grading—The Key to Better Highways....May—114
Keeping Urban Highways in Their Proper Perspective....Jul.—72
Alternative Costs of Various Highway Design Features....Aug.—68
Environmental Values and the Freeway Planning Process....Sep.—99
Road Construction Through Virgin Terrain Poses Problems....Sep.—115

Drainage

Weed and Brush Control for Drainage Ditches....Feb.—122
Basic Grading—The Key to Better Highways....May—114
Structures Prevent Urban Sediment Damage....Aug.—116
Assessing the Quality of Urban Drainage....Oct.—89

Equipment

An Analysis for Replacement of Equipment....Feb.—90
Unique Equipment Permits More Work With Fewer Men....Feb.—92
Men Who Know Offer Commentary on Overhead Work....Mar.—84
Snow Plow Dollars and Sense....Apr.—81
We Conducted an Operational Motor Grader Performance Test....Apr.—86
Some Thoughts on Public Works Equipment Management....Jun.—94
Bucket Loader is Township Workhorse....Jun.—130
County Highway Department Expands Truck Fleet....Jun.—138
Natural Gas Fuel for Municipal Vehicles....Jun.—160
Fuel Dispensing System Saves Money....Sep.—116
State Highway Department Equipment Ownership and Management....Sep.—122
Transit Mix Trucks Serve on Snow Planning Teams....Sep.—132
Rubber-Tired Tractor Shovel Does Double Duty....Oct.—112

Esthetics and Beautification

Overpass Combines Esthetic and Safety Features....Apr.—108
Environmental Values and the Freeway Planning Process....Sep.—99
Highway Engineers Struggle to Save the "Old Man"....Nov.—95

Finance, Legal and Planning

Organizing for a Land Use and Transportation Study....Jan.—70
An Analysis for Replacement of Equipment....Feb.—90
Regional Transportation Without Metropolitanism....Apr.—98
Public Works and the Population Explosion....Jun.—76
Some Thoughts on Public Works Equipment Management....Jun.—94
Keeping Urban Highways in Their Proper Perspective....Jul.—72
Transportation Study Yields Bonus to a County....Jul.—86
Potential Uses for Land Purchased for Highway Rights-of-Way....Sep.—102
Regional Councils and the Plan Review Process....Sep.—103
State Highway Department Equipment Ownership and Management....Sep.—122
Two-Way Radio System Leased....Nov.—52
Regional Cooperation for a Highway Park....Nov.—97

Materials

Flexibility of Epoxy Seal Coatings Is Increased....Jan.—100
Radiation Develops New Concrete Plastic Materials....Mar.—60
Quality Control—A Public Works Function....May—84
Materials Advisory Board....May—140
Measuring Application Rate of Bituminous Materials....Jun.—92
Who Needs It?....Jun.—104
An Alternative Construction Method....Jul.—76
Barter With Borrow....Jul.—77
Premixed Chlorides Complement Each Other....Oct.—94

Maintenance Plans and Programs

Pavement Evaluation Techniques in Maintenance Management....Jan.—76
Pavement Evaluation and Thruway Maintenance....Jan.—79
Consolidation of Maintenance Operations....Feb.—77
Industrial Engineering Principles Aid Street Maintenance Management....Mar.—82
The Feasibility of Night Maintenance and Construction....Apr.—72
Bridge Inspections Reveal Many Problems....Jun.—108
Guardrail Maintenance: A New Dimension....Jun.—112
Winter Facility Has Summer Function....Aug.—92
Management Tools for Road Maintenance....Sep.—148
Planning a Bridge Maintenance Program....Dec.—57

Parking

Parking Spaces for Suburban Industry Employees....Jan.—52
Parking Meters Pay for Town Improvements....Jun.—140
Airport Builds Parking Structure With Tomorrow in Mind....Jul.—74

Safety

Fog Chamber Augments Highway Safety Research....Mar.—116
To Paint or Not to Paint?....Apr.—70
Overpass Combines Esthetic and Safety Features....Apr.—108
Concrete Barriers Protect Narrow Highway Medians....May—134
Guardrail Maintenance: A New Dimension....Jun.—112
Investment in Flexible Median Barrier Pays Dividends....Jul.—100
Pedestrian Fatalities in Philadelphia....Sep.—125
Breakaway Luminaires Pay Dividends....Sep.—128
ASF Studies Community Safety Problems....Oct.—66
Roadway Grooving for Tunnel Pavement....Nov.—56
Safety Program for the Newark Airport Expansion Project....Dec.—54
Safe Drivers Honored by Town....Dec.—63
New Systems Designed to Reduce Highway Hazards....Dec.—69
Compatibility Needed in Traffic Safety System Standards....Dec.—81

Snow and Ice Control

Snow Fighting on Pike's Peak....Jan.—68
Electronic Ice Detectors for Bridges....Jan.—104
Large and Small Units Make Up Municipal Snow and Ice Fleet....Mar.—128
Snow Plow Dollars and Sense....Apr.—81
The Winter That Was!....Aug.—82
Winter Facility Has Summer Function....Aug.—92
Experience With Electrically Heated Pavement....Aug.—97
Continuing Research Establishes Value of Salt Blend....Aug.—103
Winter Care and Maintenance of Hydrants....Sep.—84
Transit Mix Trucks Serve on Snow Plowing Teams....Sep.—132
Pre-Season Spreader Calibration Reveals Defects....Oct.—87
Premixed Chlorides Complement Each Other....Oct.—94

Stabilized Surface and Base

An Experiment in Beach Sand Stabilization....Jun.—83
An Alternative Construction Method....Jul.—76
Lime Slurry Injection for Deep Soil Stabilization....Nov.—75

Street Cleaning

Street Cleaning and Litter Control in San Francisco....Jun.—154
An Analysis of Leaf Collection Quantities....Oct.—108
Collect More Leaves with Less Manpower and Equipment....Nov.—118

Month and page

Street and Area Lighting

High Level Lighting System Tested at Cloverleaf Interchange ... Jan.—80
Lighting Installation Satisfies Functional and Esthetic Needs ... Jul.—97
New Design Has Anchor Bolts to Spare ... Jul.—108
Breakaway Luminaires Pay Dividends ... Sep.—128
A Practical Street Lighting Policy ... Oct.—93
Distinctive Lighting for an Urban Tollway ... Nov.—82

Surface Maintenance

Pavement Evaluation Techniques in Maintenance Management ... Jan.—76
Flexibility of Epoxy Seal Coatings Is Increased ... Jan.—100
Unique Equipment Permits More Work With Fewer Men ... Feb.—92
Patching Concrete Pavements Quickly and Economically ... Mar.—75
Measuring Application Rate of Bituminous Materials ... Jun.—92
Street Division Develops Improved Patch Truck ... Nov.—80

Traffic Engineering

Modified Intersections Please Business Community ... Feb.—95
Concrete Barriers Protect Narrow Highway Medians ... May—134
Charleston Pioneers with Space-Age Traffic Control System ... Jul.—93
Investment in Flexible Median Barrier Pays Dividends ... Jul.—100
First Completed TOPICS Project is Successful ... Aug.—101
Innovations in Highway Traffic Systems ... Aug.—105
Passing Aid for Two-Lane Roads ... Sep.—86
Compatibility Needed in Traffic Safety System Standards ... Dec.—81

Traffic Operations

Snowplows Ride Over These Raised Reflective Markers ... Jan.—90
Statute on Uniform Signs Stirs Municipal Action ... Feb.—102
Sign Inspection Program—An Ounce of Prevention ... Mar.—80
Men Who Know Offer Commentary on Overhead Work ... Mar.—84
To Paint or Not to Paint? ... Apr.—70
Grooving Traffic Stripes for Better Visibility ... Apr.—82
Maintenance Techniques for Billboard Type Guide Signs ... May—99
County Traffic Signs Inventory Computerized ... Jun.—96
Modern Sign Shop Serves Maine Highway Commission ... Aug.—114
Airport Signs Have "One World" Flavor ... Sep.—107
Emergency Vehicles Go "GO" ... Sep.—140
Thruway Takes a Lot of Paint ... Oct.—68
"Big Brother" Comes to the Highways ... Oct.—118
Radioisotope Powers Self-Luminous Sign ... Dec.—78

Surveying Methods

Cost Savings Through New Applications of Aerial Photography ... Nov.—72

REFUSE COLLECTION AND DISPOSAL

Collection Methods

Refuse Collection Fleet Updated for Efficiency ... Jan.—67
Transfer Stations Assist Refuse Disposal ... Jan.—74
Time and Motion Studies Aid Solid Waste Collection ... Feb.—84
Refuse Collector Features Cleanliness ... Feb.—108
"Barrel Snatcher" Proposed for Refuse Collection ... Apr.—93

Month and page

Sanitary Fill

Overnight Conversion from Burning Dump to Sanitary Landfill ... Mar.—86
Winter Operation of Landfills ... Apr.—58
Sanitary Landfill Standards and Guidelines ... May—70
Landfill Compaction Equipment Efficiency ... May—111
From Landfill to Landscape ... Jun.—102
The Relative Attractiveness of Milled and Non-milled Refuse to Rats and Flies ... Jul.—74
New Methods Increase Landfill Efficiency ... Jul.—116
National Survey of Sanitary Landfill Practices ... Aug.—88

Incineration

Solid Waste Reduction Unit Promises to be a Better Mousetrap ... Feb.—72
Incinerator Design Factors ... Aug.—66
Municipal Refuse to Provide Salable By-Product ... Oct.—126

Other Disposal Methods

Camille's Legacy: Total Cooperation in Biloxi ... Nov.—62
A Current Review of Composting ... Nov.—87
Recycling Waste Paper Helps Solve a Problem ... Dec.—67

Wastes Management

Transfer Stations Assist Refuse Disposal ... Jan.—74
Solid Waste Reduction Unit Promises to be a Better Mousetrap ... Feb.—72
A Study of a Metropolitan Solid Waste Program ... Mar.—78
County Sets Practical Goals for Refuse Disposal ... Apr.—68
Carbon Filters Control Odors at Refuse Transfer Station ... Apr.—96
Research in Solid Wastes ... Apr.—136
The Status of Solid Waste Management in California ... May—80
High Compression Baling of Solid Wastes ... Jun.—85
Refuse Disposal in New Jersey ... Jul.—56
Solid Waste Management for a Fast Growing County ... Sep.—96
Planning and Solid Wastes Management ... Sep.—111
Solid Wastes From Packaging ... Sep.—158
Recommendations for Solid Wastes Management ... Oct.—66
Automobiles and Discarded Furniture Are Problems in England ... Oct.—68
California's Abandoned Vehicle Law ... Oct.—103
Toward Equitable Sanitation Service Rates ... Dec.—89

SEWERAGE AND SEWAGE TREATMENT

Finance, Legal and Planning

Cuyahoga River Pollution Study ... Jan.—52
Combined Billing Means a Saving ... Feb.—82
The Management of Water Quality by a Stream Allocation Procedure ... Mar.—72
More Wastewater Treatment for New York City ... Apr.—58
County Sewerage Demands Are Met By Compact Plants ... Apr.—91
A Plan for Ending Lake Erie Pollution ... Jun.—79
Financing Construction of a Major Drainage Improvement ... Jun.—105
Water Reclamation Plant for Los Angeles ... Jul.—58
Development of Water and Sewer Department Purchasing Practices ... Jul.—69
Water Quality Control for the San Francisco Bay-Delta Area ... Aug.—85
Regional Councils and the Plan Review Process ... Sep.—103
Planning Water Resource Management for a County ... Sep.—118
Economic Study for Wastewater Treatment Plant Expansion ... Sep.—130
How to Organize Suburbia for Wastewater Treatment ... Dec.—85

Month and page

Sewer Systems—Construction

Long-Time Drainage Problem is Eliminated ... Jun.—98
New Life for a Sewer—and Money in the Bank ... Nov.—84
Space-Age Sewer Pipe Project ... Dec.—101

Sewer Systems—Design

Two Studies on Utility Problems ... Nov.—86

Sewer Systems—Maintenance

From the Inspector's Photo Album ... Jan.—73
Sewer Maintenance is a Customer Service ... Feb.—75
An Effective Method of Controlling Roaches in Sewers ... Jul.—70
Rehabilitation of a Concrete Sewer Under Infiltration Pressure ... Jul.—89
Space Age Technology Helps Public Works Department ... Oct.—113
New Life for a Sewer—and Money in the Bank ... Nov.—84

Sewage Pumping

Portland Relies on Computer for Public Works Projects ... Feb.—86
Pumping Systems for Lift Stations ... May—104

Storm Drainage

Building a Drainage Pump Station Within a Limited Budget ... Feb.—104
Long-Time Drainage Problem is Eliminated ... Jun.—98
Financing Construction of a Major Drainage Improvement ... Jun.—105
Flood Control Design Utilizes Large Elliptical Pipe ... Dec.—87

Sewage Treatment—Design

Sewage Treatment Before Trunk Sewers ... Jan.—56
What You Should Know About the Design of High Rate Trickling Filters ... Apr.—77
Joint Treatment of Municipal and Industrial Wastes ... Jul.—98
Sludge Disposal Problem Reduced to a Small Pile of Ash ... Oct.—96
How to Organize Suburbia for Wastewater Treatment ... Dec.—85

Sewage Treatment—Industrial Wastes

Controlling pH Over a Wide Range ... Mar.—62
Surveying the Mine Drainage Problem in Pennsylvania ... Jun.—64
Effective Treatment Solves Pickle Liquor Problem ... Jun.—103
Water Pollution Control Center Honored by Engineers ... Jun.—118
Joint Treatment of Municipal and Industrial Wastes ... Jul.—98
88-Acre Solar Evaporation Pond ... Sep.—170

Sewage Treatment—Operation and Maintenance

Cleaning an Overloaded Digester ... Jan.—
East Bay MUD Waste Water Treatment ... Feb.—62
County Sewerage Demands Are Met By Compact Plants ... Apr.—91
Switch to Polymer Saves Sludge Conditioning Costs ... May—126
The Status of Phosphorus Removal ... Oct.—76
Early Warning System for Digester Control ... Oct.—106
Warning Signs and Causes of Digester Failure ... Dec.—61

Treatment Methods and Research

Chlorination of Wastewater Effluents ... Jan.—63
Schools Add Tertiary Treatment ... Jan.—95
Treatment Unit Removes Ammonia and Phosphates ... Jan.—106
Advanced Treatment System to Protect Shellfish Waters ... Feb.—80

Month and page

New Surface Aerators Improve Plant Efficiency ..... Feb.—90
Status of Advanced Wastewater Treatment ..... Feb.—96
Experimental Chlorination of Stabilization Pond Effluent ..... Mar.—98
Waste Treatment Process Uses Oxygen ..... Mar.—118
Lake Tahoe Waste Treatment System Completed ..... Apr.—117
Vibrating Screens to Treat Combined Sewer Overflow ..... Apr.—124
San Francisco Air Flotation Plant for Wastewater Treatment ..... Aug.—70
U-Tube Stream Reaeration ..... Aug.—111
New Technology for World's Highest Sewage Treatment Plant ..... Aug.—148
Determining Travel Time of Wastewater Plant Effluent ..... Sep.—108
The Status of Phosphorus Removal ..... Oct.—76
Sludge Disposal Problem Reduced to a Small Pile of Ash ..... Oct.—96
Phosphorus Removal With Iron and Polyelectrolytes ..... Nov.—66
Pilot Plant to Use Ozone for Tertiary Treatment ..... Nov.—120

WATER SUPPLY AND PURIFICATION

Finance, Legal and Planning

Combined Billing Means a Saving ..... Feb.—82
Determining Water Use at Homes for the Aged ..... Mar.—89
Meter Maintenance Costs to be Insured ..... Apr.—94
Value Analysis Aids Meter Selection ..... Apr.—100
The Value of Water in Various Applications ..... Apr.—145
Watershed Forest Management Program With Double Payoff ..... Jun.—111
Water Resources Council Reports to Congress ..... Jun.—146
New Water Treatment Plant Designed for Easy Expansion ..... Jul.—66
Development of Water and Sewer Department Purchasing Practices ..... Jul.—69
Computers Help Provide Efficient Water Management ..... Jul.—102
More Water for East Bay Municipal Utility District ..... Aug.—68
Construction Costs of Rural Water Systems ..... Aug.—94
Regional Councils and the Plan Review Process ..... Sep.—103
Planning Water Resource Management for a County ..... Sep.—118
New System for Remote Meter Reading ..... Nov.—74
Computer Billing Provides Data for Planning ..... Dec.—79

Water Pumping

Water Supply Improvements Mark Civic Progress ..... Jun.—100
Chicago Uses Gas Fuel for Water Pumping ..... Oct.—147
Recently Completed Water Plant Serves Contra Costa County ..... Nov.—128
Centrifugal Pumps Ride the Rails of Unique Water Intake ..... Dec.—64

Reservoirs and Tanks

Large Reservoir to Defer Second Aqueduct ..... Jan.—58
Aluminum Reservoir Roof ..... Jun.—148
Multiple Use of Watershed and Reservoir Lands ..... Jul.—78
Water Storage Structure Has Striking Design ..... Jul.—126
Construction Costs of Rural Water Systems ..... Aug.—94
Cold Region Water Storage Practice ..... Oct.—109
Water Storage Tank Pays Expected and Unexpected Dividends ..... Nov.—91
Dredging to Extend Reservoir Life ..... Nov.—98
From Standpipe to Christmas Candle ..... Dec.—106

Supply Lines and Distribution

Computers to Operate California State Water Project ..... Jan.—88
Computer Simulation Assures Economical Pipeline Design ..... Feb.—70
Plastic Pipe for South Carolina Water System ..... Mar.—130
Steel Aqueduct Traverses Mountain Slopes ..... Apr.—83
Construction Costs of Rural Water Systems ..... Aug.—94
Foam Swabbing of Water Lines ..... Aug.—118
Pressure Tap Keeps Water Flowing ..... Aug.—133
Winter Care and Maintenance of Hydrants ..... Sep.—84
Two Studies on Utility Problems ..... Nov.—86

Water Treatment—Design and Operation

Largest Reverse Osmosis Water Desalination Plant ..... Feb.—62
How We Solved Our Lime Sludge Disposal Problem ..... Feb.—88
A Review of the Coagulation Process ..... May—87
TV Antenna Rotor Provides Remote Valve Control ..... Jun.—91
"Doughnut" Will Store Liquid Alum ..... Jun.—142
New Water Treatment Plant Designed for Easy Expansion ..... Jul.—66
A New Approach to Municipal Water Treatment ..... Sep.—126

Instrumentation

Computers to Operate California State Water Project ..... Jan.—88
A Billion Gallons of Accurate Metering ..... Mar.—105
New System for Remote Meter Reading ..... Nov.—74

Treatment Methods and Research

Pollution in Lake Michigan Contributes to Water Treatment Problems ..... Mar.—70
A Review of the Coagulation Process ..... May—87
Reverse Osmosis Treats Brackish Water Supply ..... May—142
New Filtering Techniques Can Remove Virus ..... May—156
Reverse Osmosis Treatment for City Water ..... Oct.—136

Water Supply and Sources

Large Reservoir to Defer Second Aqueduct ..... Jan.—58
Radar Used in Cloud Seeding Project ..... Jan.—62
Desalted Water to Enhance Island Economy ..... Jan.—118
Pollution in Lake Michigan Contributes to Water Treatment Problems ..... Mar.—70
Water Supply Improvements Mark Civic Progress ..... Jun.—100
Watershed Forest Management Program With Double Payoff ..... Jun.—111
Water Resources Council Reports to Congress ..... Jun.—146
Resistivity Method Locates Aquifers ..... Oct.—82
Hydrometeorology System to Monitor River Data ..... Nov.—52
Canadians Make Major Test of Salt Water Intrusion ..... Nov.—96
Water Supply for Ankara ..... Nov.—136

ADMINISTRATION AND PLANNING

The Role of the Consultant in Highway Design ..... Jan.—93
Recognition for the Professional in Public Works ..... Feb.—130
Guidelines for Utility Locations ..... Apr.—73
Philadelphia's Contracting Procedures Reviewed ..... Apr.—74
Municipal Departments Share Radio Communications System ..... Apr.—102
Personnel Involvement Eases Many Problems ..... May—102
Public Works and the Population Explosion ..... Jun.—76
Keeping Urban Highways in Their Proper Perspective ..... Jul.—72
The Engineer—Essential Member of the Urban Renewal Team ..... Jul.—84
The Fine Art of Employee Supervision ..... Jul.—91
Fuel Dispensing System Saves Money ..... Sep.—116
Cost Savings Through New Applications of Aerial Photography ..... Nov.—72
Planning for the Location of Municipal Garages ..... Nov.—93
Safe Drivers Honored by Town ..... Dec.—63
Computer Billing Provides Data for Planning ..... Dec.—79

AIRPORTS

Airport Builds Parking Structure With Tomorrow in Mind ..... Jul.—71
Environmental Factors Affecting Proposed Jetport in Southwest Florida ..... Nov.—54
Heliports for Metropolis ..... Nov.—70
Safety Program for the Newark Airport Expansion Project ..... Dec.—54

AIR POLLUTION CONTROL

Study on Air Pollution in New York City ..... Feb.—64
Air Pollution Control for a Steel Plant ..... Mar.—62
Air Pollution Control Advances ..... May—158
Air Pollution Data Handled Automatically ..... Nov.—127

BUILDINGS AND SERVICE CENTERS

$5.09 Per Square Foot ..... Mar.—97
New Housing for Hempstead Public Works ..... Apr.—84
Quality Control—A Public Works Function ..... May—84
Planning for the Location of Municipal Garages ..... Nov.—93

CIVIL DEFENSE AND EMERGENCIES

Preventive Maintenance and Security for a Water Works ..... Sep.—168
When Disaster Strikes, Will You Be Ready? ..... Oct.—84
Civil Defense Signing ..... Oct.—102
Camille's Legacy: Total Cooperation in Biloxi ..... Nov.—62

DAMS AND FLOOD CONTROL

Register of Dams to be Updated ..... Jan.—56
Computer Helps Select Dam Sites, Control Floods ..... Jan.—66
Safety Inspections for Hydroelectric Projects ..... May—68
High Water Response Plan for Flood Control ..... Jul.—82
Herbicides Aid County Flood Control Program ..... Aug.—90
Flood Control Design Utilizes Large Elliptical Pipe ..... Dec.—87

GENERAL AND MISCELLANEOUS

Three Thousand Arabian Nights ..... Jan.—85
Activities and Programs of the APWA Education Foundation ..... Feb.—81
Weather Modification ..... Apr.—56
Temperature and Aquatic Life ..... Apr.—88
Three-Phase Tax Mapping for a County ..... May—68
"Top Ten" Public Works Men Are Selected ..... May—119
Elections to the National Academy of Engineers ..... Jun.—90
Costs Then and Now ..... Jul.—58
Computers Analyze Panama Canal Side Slope Stability ..... Jul.—88
Heavy Construction Equipment Operators' Training Program ..... Aug.—131
The Tallest Chimney in Europe ..... Sep.—84
Status Report: Public Works Graduate Program ..... Sep.—134
Master of Public Works Thesis Summaries ..... Nov.—104

XUM

Month and page

INSECT AND RODENT CONTROL

an Rat Control ..... Mar.—93
-Rat Measures in Michigan's Upper Peninsula ..... Apr.—56
abusia Affinis for Mosquito Control ..... Jun.—66
Effective Method of Controlling Roaches in Sewers ..... Jul.—70
Relative Attractiveness of Milled and Non-milled Refuse to Rats and Flies ..... Jul.—74

MUNICIPAL POWER

aka Gets Rural Electric Cooperative ..... Jul.—132

PUBLIC HEALTH

oridated Water Consumption Grows ..... Feb.—144
sumer Protection and Environmental Health Service ..... Mar.—126
ken Sewer Results in Groundwater Contamination ..... Jul.—106

RECREATIONAL FACILITIES

door Recreation Needs ..... Jan.—116
stant" Recreation Facilities ..... Mar.—96
yground Complex for Toledo ..... Mar.—136
ltiple Use of Watershed and Reservoir Lands ..... Jul.—78
ional Cooperation for a Highway Park ..... Nov.—97
del of Stadium Tested for Hurricane Force Winds ..... Nov.—102
thetic Grass for Recreational Facilities ..... Dec.—76

URBAN TRANSPORTATION

anizing for a Land Use and Transportation Study ..... Jan.—70
ional Transportation Without Metropolitanism ..... Apr.—98
nsportation Study Yields Bonus to County ..... Jul.—86
nsportation Planning for a New Community ..... Oct.—99
Sports for Metropolis ..... Nov.—70

ABOUT OUR COVER

rles G. Prahl ..... Jan.—1 & 16
n G. Duba ..... Feb.—1 & 18
bert B. Steytler ..... Mar.—1 & 18
en S. Koch ..... Apr.—1 & 18
eph H. Kuranz ..... May—1 & 18
thur D. Bird ..... Jun.—1 & 18
bert H. Tinstman ..... Jul.—1 & 18
n V. Arpin ..... Aug.—1 & 18
ron D. Calkins ..... Sep.—1 & 18
F. Vondrick ..... Oct.—1 & 18
id G. Stephan ..... Nov.—1 & 18
is E. Bender ..... Dec.—1 & 19

LEGAL ASPECTS OF PUBLIC WORKS

y Diverts Water to Another Watershed ..... Jan.—123
k and Playground Operation Held Governmental Function ..... Jan.—123
posal Site Operation Raises Liability Questions ..... Jan.—123
tice of Street Defect Held Ineffective ..... Feb.—139

Month and page

Billboards Banned from Residential Area ..... Feb.—139
Demolition of Buildings Halted ..... Feb.—139
Closed Sessions of Council Prohibited ..... Mar.—144
Court Upholds Sidewalk Obstruction Ordinance ..... Mar.—144
Extension of Water Mains Into New Area of City ..... Mar.—144
Barrier at Road Terminus Ordered Removed ..... Mar.—144
Sewer Rate Ordinance Is Upheld ..... Apr.—62
City Snow Plowing Held Immune from Tort Liability ..... Apr.—62
Engineer's Storm Sewer Design Is Challenged ..... Apr.—62
Highway Advertising Law Held Unconstitutional ..... Apr.—62
Low Bidder Notification Not Binding on City ..... May—74
Combined Sewage Disposal and Water Service Act Held Unconstitutional ..... May—74
Moving of Dirt: Compacted v. Loose Fill ..... May—74
Unlawful Delegation Of Legislative Power ..... May—74
A Compromise On Municipal Immunity From Tort Liability ..... Jun.—60
Garbage Collection Fee Added to Water Bill ..... Jun.—60
Cost Sharing by City and Private Utility ..... Jun.—60
Review of City Budget In Executive Session ..... Jun.—60
Zoning Code Amended Because of Inadequate Sewage Treatment ..... Jul.—62
Failure to Place Warning Sign at Intersection ..... Jul.—62
Municipal Lease Agreement With Option to Purchase ..... Jul.—62
Traffic Light Defect Held To Constitute a Nuisance ..... Jul.—62
Right of Property Owners To Tap Sewer Line ..... Aug.—74
Small Child Injured In Excavation Ditch ..... Aug.—74
Damage to Sub-Surface Utility in Street Right-Of-Way ..... Aug.—74
Storm Drainage Damage From Paved Playground ..... Aug.—74
Surcharging Problem In Sewer Lines ..... Aug.—74
Sewage Disposal Plant Held Not a Nuisance Per Se ..... Sep.—180
No Legal Duty to Maintain Stop Sign ..... Sep.—180
Improper Notice of Sidewalk Defect ..... Sep.—180
Obstruction of Culvert: Negligence or Nuisance? ..... Sep.—180
Easements Under Rural Roads ..... Oct.—148
Assessments for Property In Planned Highway R-O-W ..... Oct.—148
Building Permit Tied to Street Dedication ..... Oct.—148
Objection to Sewage Treatment Plant Held Not Timely ..... Oct.—148
Bidding Requirements and Public Works Contractors ..... Nov.—138
Challenge of Street Vacation Ordinance ..... Nov.—138
Requirement to Underground All Utilities ..... Nov.—138
Sewerage District Statute Held Unconstitutional ..... Nov.—138
City Liability for Ice and Snow on Sidewalk ..... Dec.—116
Ohio Overrules Prior Decisions on Traffic Light Control ..... Dec.—116
Utility Payments In Lieu of Taxes ..... Dec.—116
Sewer Rates Challenged as Excessive ..... Dec.—116

AUTHORS

Alley, Jay E.—"Combined Billing Means a Saving" ..... Feb.—82
Alter, Amos J. and Cohen, Jules B.—"Cold Region Water Storage Practice" ..... Oct.—109
